

## Packaging Solutions For **E-commerce & Logistics**

Europe Packaging offers smart and sustainable e-commerce and logistics packaging solutions designed to enhance customer experience and strengthen brand identity.

Our portfolio includes offset-printed shipping boxes with integrated tear strips for easy opening and adhesive return strips, combining convenience with secure product protection. These solutions are ideal for fashion, electronics, cosmetics, and subscription-based businesses.

Built for shipping durability and a premium look, our packaging protects products, enhances brand perception, and delivers a memorable unboxing that drives satisfaction and differentiation.

### Why Europe Packaging

- Custom-sized box designs that ensure an optimal fit
- Multiple corrugated strength options (single, double, triple wall)
- Integrated tear-open strips and adhesive return closures
- High-quality offset or flexo printing
- Compatibility with inserts and protective inlays
- Flat-packed delivery and easy assembly
- Fully recyclable and responsibly sourced materials

#### Let's Build Your Packaging Solutions

Let us design smart, sustainable, and brand-driven e-commerce and shipping packaging together — solutions that protect your products, enhance the unboxing experience, strengthen your brand identity
